<i>Message from Civic League</i>	MARK YOUR CALENDAR
<p>The Estabrook/Coleman Place Annual Community Yard Sale is September 9, 2023. We need your help! Donations from the neighborhoods are needed to sell. So, clear out your gently used items and donate them for the sale. Workers are also needed prior to and the day of the sale to help price, sort, set up, sell and clean up. You can contact any Board Member listed on the back of the newsletter to help with dropping off your donation at the civic league building. This is our biggest fundraiser of the year and what provides the money to maintain the building. Being a part of this event will give you the opportunity to get to know your neighbors. Please consider helping.</p> <p>Our June 20<sup>th</sup> meeting was short and followed with a BBQ dinner given by our Civic League board members. It was successful with more of our neighbors coming to enjoy the gathering and a few of them joining the civic league that night.</p>	<p style="text-align: center;">July</p> <ul style="list-style-type: none"> <li>• 4th Independence Day</li> </ul> <p style="text-align: center;">August</p> <ul style="list-style-type: none"> <li>• 4th Coast Guard Birthday</li> <li>• 7th Purple Heart Day</li> </ul> <p style="text-align: center;">September</p> <ul style="list-style-type: none"> <li>• 4th Labor Day</li> <li>• 8<sup>th</sup> Grandparents' Day</li> <li>• 9th Civic League Yard Sale</li> <li>• 11<sup>th</sup> Patriot Day</li> <li>• 18th Air Force Birthday</li> <li>• 22<sup>nd</sup> First Day of Autumn</li> <li>• 29<sup>th</sup> Gold Star Mother's Day</li> </ul> <p style="text-align: center;">Street Sweeping: July 14, August 10, September 14 2nd Thursday of each Month</p> <p style="text-align: center;">Recycling Days: July 7 &amp; 21, Aug. 4 &amp; 18, Sept. 1, 15 &amp; 29</p>

### *Be Safe – Summer Heat is No Day at the Beach*

*Summer temperatures in Virginia normally climb into the upper 90's and even reach over 100 degrees at times. People can suffer ill health effects when their body temperature control system is on overload. A person's body temperature can shoot up when normal sweating cannot cool it quickly enough in extreme heat. Damage to the brain or other vital organs can result from very high body temperatures.*

*Summer sun can also present a health challenge. Recent research indicates that among Virginia adults, the number of deaths from and new cases of melanoma, the most dangerous type of skin cancer, have increased even as more adults report using sunscreen. This suggests that some people may not take proper measures to protect themselves from skin cancer. While you enjoy the outdoors this summer, remember to use sunscreen, seek shade, and wear sunglasses, a hat, and sun-protective clothing. Use a sunscreen with a Sun Protection Factor, SPF, of 15 or higher. As sunscreen wears off, reapply if you stay out in the sun for more than 2 hours and after you swim or do things that make you sweat.*

*Remember that drinking plenty of water is your best defense against dehydration, heat stroke, and heat exhaustion.*
